Re: Tamral Guzman # 43512-074

Dear Honorable Judge Varlen,

My name is Ryan Gardner and I am the brother of Tamral Guzman who is currently incarcerated at FMC, Carswell. She was convicted in the Eastern District of Tennessee (Knoxville) under case numbers 3:10-CR-0061-1 and 3:12-CR-00153-1. I am writing this letter on behalf and attest to the type of person she is.

I currently work as a physician in a mid-size hospital. I also do a lot of volunteer work for a local church youth group and serve as a scoutmaster in the community.

I have known Tamral all my life and I feel I know her well. Tamral is one of the most kind-hearted people I know. She is a very caring person and has always tried to help others throughout her life, even when she has had very little. As far as I know she has not taken illegal drugs and has always opposed them and hated them. Tamral has been a hard working good citizen her entire life. She is a breast cancer survivor and is a mother of three that needs her love and support.

I love this country. I am, and always have been, a large advocate for the law and I fully support the United States constitution and laws. I realize Tamral has done wrong by filling out some signed prescriptions and I believe she should be punished for this. But I don't think she should serve years in prison for such a crime. I think anyone who knows Tamral's true character would agree with me. I'm sure she had no malicious intent when she did this. I believe, as a tax paying citizen, that it would be a huge waste of taxpayer money to keep Tamral in prison for an extended period of time and I believe that any US citizen that knows Tamral as I do would think the same. I'm sure Tamral would be a much greater benefit to society out of prison as opposed to in prison unlike many other criminals out there.

Thank you and may God bless you in making your decision.
